FOREWORD
(3rd Edition)

As ever, this new edition of the Directory will be welcomed by all engaged in mycorrhizal research. The change of title from 'mycorrhizast' to 'mycorrhizologist' follows a recommendation, given 'without hesitation', by the senior science editor of the Oxford English Dictionary. I hope that this change will find general acceptance. But, whatever we call ourselves, I hope that this Directory will continue its function of promoting communication and friendship between us. In many countries, scientific research for peaceful purposes is passing through a difficult time, making mutual support and encouragement all the more necessary and valuable. We owe thanks to Drs. Furlan and Fortin for their foresight in initiating, and continued effort in keeping up to date, this Directory which has proved so useful to us all.

Barbara Mosse

AVANT-PROPOS
(3e Édition)

Comme par le passé, cette nouvelle édition sera très appréciée par toutes les personnes impliquées dans le domaine de la recherche sur les mycorhizes. La modification du titre anglais «mycorrhizast» pour «mycorrhizologist» est intervenue suite à une recommandation sans hésitation faite par le rédacteur scientifique senior de l'*Oxford English Dictionary*. J'espère que cette modification sera bien acceptée en général. De toute façon, quel que soit le titre que nous nous donnons, je formule le souhait que cet annuaire puisse continuer son rôle de promoteur de la communication et de l'amitié entre nous. Dans plusieurs pays, la recherche scientifique à des fins pacifiques traverse une période difficile, ce qui encourage encore plus le soutien et l'encouragement mutuels. Nous remercions MM. Furlan et Fortin pour leur initiative et l'effort déployé pour la mise à jour périodique de cet annuaire qui s'avère très utile pour nous tous.

Barbara Mosse

PREFACE

As we step into a second century of mycorrhizal research, we are happy to release the third edition of the INTERNATIONAL DIRECTORY OF MYCORRHIZOLOGISTS.

Each edition of the Directory coincides with the North American Conference on Mycorrhizae (NACOM) in order to save mailing costs which would increase the price of this Directory.

For different reasons, many mycorrhizologists did not answer. We encourage them, and newcomers, to complete the registration form placed at the end of this Directory and to return it as soon as possible.

In the fourth edition, new categories, such as genetic and biotechnology, will be included. Creation of a special section for particular fields of research which are not covered by the present grid will also be considered. In this respect, we would be very grateful to receive your suggestions. We hope this faithfully reflects your activities.

We express our gratitude to Dr. Sylvio J. Bourget, director of the Research Station of Agriculture Canada in Sainte-Foy for his generous gift of administrative and technical assistance. We sincerely thank Mrs. Lucie Nadeau-Paquet, Mrs. Lorraine Couture, Mrs. Cacilla Tremblay, Mrs. Sylvie Despatie, Mrs. Anna Moro-Furlan, Mrs. Marie-Édith Dufresne, Mrs. Marthe Simard, Mrs. Juliette Giguère, Mr. Roger Lévesque, Dr. Claude Richard, and Mrs. Michèle Bernier-Cardou for their help.

We hope this Directory will permit fruitful exchanges and thereby contribute to discoveries beneficial to plants and, thus, to humans.

PRÉFACE

En ce début du deuxième siècle de recherche sur les mycorhizes, nous sommes heureux de vous présenter la troisième édition de l'ANNUAIRE INTERNATIONAL DES MYCORHIZOLOGUES.

En faisant coïncider la parution de chaque nouvelle édition de l'annuaire avec le CONGRÈS NORD-AMÉRICAIN SUR LES MYCORHIZES (NACOM), nous évitons les frais postaux qui pourraient augmenter sensiblement le coût de l'annuaire.

Pour différentes raisons, plusieurs mycorhizologues n'ont pas répondu. Nous les encourageons vivement, ainsi que les nouveaux venus, à compléter une formule d'inscription qui se trouve à la fin du présent annuaire et à nous la renvoyer le plus tôt possible.

Dans la quatrième édition de cet annuaire, nous ajouterons quelques nouvelles rubriques (ex.: génétique, biotechnologie). Aussi, nous étudierons la possibilité d'avoir une section spéciale pour des domaines de recherche qui ne figurent pas dans les rubriques actuelles. À cet égard, nous vous serions reconnaissants de nous faire part de vos idées. Nous voulons que cet annuaire puisse être le fidèle miroir de vos activités.

Nous exprimons notre très vive reconnaissance à M. Sylvio J. Bourget, directeur de la station de recherches d'Agriculture Canada à Sainte-Foy, pour le soutien administratif et technique. Nous tenons à remercier tout particulièrement les personnes qui ont collaboré à différentes étapes de la préparation de cet annuaire: Mme Lucie Nadeau-Paquet, Mme Lorraine Couture, Mme Cacilla Tremblay, Mme Sylvie Despatie, Mme Anna Horo-Furlan, Mme Marie-Édith Dufresne, Mme Marthe Simard, Mme Juliette Giguère, M. Roger Lévesque, M. Claude Richard et Mme Michèle Bernier-Cardou.

Nous souhaitons que cet annuaire puisse vous aider à avoir des échanges fructueux et que ceux-ci contribuent à de nouvelles découvertes bénéfiques aux plantes et, par là, aux humains.
